Here is what's new in **Version 1.2(Build 123456.78901)**

About This Release

These are the latest release notes for Inceptum Cloud Storij(ICS). ICS is our newest best-selling SAAS product to continue growing the customer adoption at exponential rate. We have made essential changes in dataVase and madeUpObjects creation to support more AI agents and autosave features.

Overview

Customers' feedback of Inceptum Cloud Storij(ICS) version one highlighted the urgent need to create more than 10 dataVases and 50 madeUpObjects to have more effective AI Agents. We made the requested changes mentioned above to allow users to

create up to 50 dataVases and 100 madeUpObjects and data autosave.
